

Redrock Recreation area today - 10/10/13 . . .

How many park rangers does it take to close down Redrock recreation area? Answer: 5 3 to stand around making sure the orange cones don't move at the main gate then the fourth guy on the way to relieve the fifth guy at the south gate who is just sitting on his butt in his truck blocking the exit out of the scenic loop where nobody is going to come out of anyway because there are 3 guys sitting on their butts guarding the front gate and making sure the orange cones don't get legs and move.

How stupid is this? I'll tell you how stupid this is.

This is Nazi Germany!! That's how stupid this is!
