Go to: [coasttocoastam.com](http://coasttocoastam.com)(Jan 27 Show) for a synopsis and links.

I've seen this Chemtrail crap for MANY years here in Marin and Humboldt County and is considered one of the U.S. Government's LARGEST covert operations(off the books).A former pilot phoned in and said CIA Air Force planes(unmarked) are larger in number than our own ("on the books") United States Air Force.Check it out,do some research and PASS IT FORWARD Patriots.We're getting seriously screwed on all fronts;Financial,Sea-Air-Land under the name of our dispicably nefarious "representative" bipartisan Government.I was at the San Rafael Library(Marin) one morning and saw the "criss-cross"/"Tic Tack Toe" patterns in the sky over Marin County;got so pissed off that I immediately phoned Congresswoman Lynn Woolsey's Office here in Marin and her Aide looked out her window and said "Wow !" Yeah,I see it" and asked me to put something in writing and get it to them.I swear if I had a "Surface-to Air Piece" I'd have sent a very direct message to covert ops and our perverse overt/covert "leaders" whom do-NOT represent U.S. truthfully but out of political convenience mainly,at best. Duh !
