

- Why aren't the American people told that they are still classified as "enemies of the state" by the so-called federal government? [17]
- Why haven't folks heard about the USA INC bankruptcy of '33 and the severe changes that came thereafter?
- Why aren't we told our legal system is based on corporate/commercial/contract law and not on justice?

Because all lawyers (including those calling themselves constitutional 'experts') **have to swear an oath of secrecy and agree to administer the bankruptcy.** [18] [19] And a vast number of our so-called elected representatives are lawyers themselves! Very few lawyers will admit to these facts - that many might not even be aware of.

And here is the ELEPHANT IN THE ROOM:
The American people did not and would not have agreed to any of this. They were kept in the dark and today find themselves unwittingly 'contracting' with a completely corrupt corporate franchise system, that doesn't represent their best interests and that they don't even know is in place. Therefore, the CIA seems to have achieved their goal:

"... everything the American people believe is false."

So, let's stop calling these bodies and agencies our government. They are not. **They are only posing as legitimate government.** They do not serve us, but are actually private corporations listed on Dunn and Bradstreet by their all caps corporate names. We owe them no loyalty and it is our duty to expose the fact that they are fraudulently receiving public funds and 'governmental immunity' while they are actively **profiting from and harming** us all . . . even if most of their employees are as much in the dark as the rest of the population.

"We'll know our disinformation campaign is complete, when absolutely everything the American people believe is false". Wm Casey, Director of the Central Intelligence Agency (1981)

While most of us recognize that lobbyists for major corporations seem to control Washington, few people know that Washington, D.C. is a corporation itself. The so-called 'federal government' is actually the *Mother Corporation* of a vast network of state and local governments and governmental 'agencies' that is actually a franchise system. [1]

This government/corporate franchise system did not appear overnight. It was built slowly, by stealth, and took over 150 years to create.

To understand what our 'government' really is, we have to review the history **that is not** in most history books. For instance, did you know that the original 'organic' Constitution of 1787 was hijacked just after the Civil War? [2] Did you know that the 'federal government' went bankrupt in the 30's?

1871, February 21: Congress Passed an Act to provide a government for the District of Columbia, also known as the Act of 1871.

With no constitutional authority to do so, Congress created a separate form of government for the District of Columbia, a ten mile square parcel of land (see, Acts of the Forty-first Congress," Section 34, Session III, chapters 61 and 62). [3]

The act – passed when the country was weakened and financially depleted in the aftermath of the Civil War – was a strategic move by foreign interests (international bankers) who were intent upon gaining a stranglehold on the coffers and neck of America.

Congress cut a deal with the international bankers (specifically Rothschilds of London) to incur a DEBT to said bankers. Because the bankers were not about to lend money to a floundering nation without serious stipulations, they devised a way to get their foot in the door of the United States.

The Act of 1871 formed a corporation called THE UNITED STATES. The corporation, OWNED by foreign interests, moved in and shoved the original Constitution into a dustbin. With the Act of 1871, the organic Constitution was defaced – in effect vandalized and sabotaged – when the title was capitalized and the word "for" was changed to "of" in the title.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA is the constitution of the incorporated UNITED STATES OF AMERICA. The country was changed, by stealth, from a Constitutional Republic to a corporation. [4]

Now we can better understand how and why the following occurred:

- USA INC granted 'corporations' the rights of 'persons', in a slurry of lawsuits by corporations shortly after the end of the Civil War.
- USA INC turned control of credit and currency over to the same international bankers by passing the Federal Reserve Act in 1913 [5] and initiated a taxation scheme on the people via the 16th Amendment. [6]
- USA INC turned the US Treasury Department (including all its assets) over to the private Federal Reserve in 1920. (Independent Treasury Act - 1920) [7]

The Bankruptcy of USA INC - 1930's

- USA INC, after being pillaged and bankrupted by the Federal Reserve banking cartel [8], turned over the entire country - including the people - as collateral on its corporate debt in 1933 and bound the individual states to 'its' bankruptcy obligations. [9]
- USA INC gave its CEO (the President) the authority to call a national emergency (a banking 'holiday') and establish Executive Branch 'agencies' to manage the emergency. The "national emergency" has never been removed and is still in effect. [10] Hence we have far reaching unconstitutional "Executive Orders".
- USA INC declared the American people "enemies of the state" to force them to surrender their gold [11] and use Federal Reserve debt 'notes' as currency. [12]
- USA INC issued Birth Certificates and Social Security Numbers whereby making the people registered 'collateral' for the payment of the debt owed to the same banking cartel.
- USA INC started requiring the American people - as enemies - to get licenses to do everything, including owning a dog.
- USA INC gradually altered the legal system and implemented corporate commercial Admiralty law (aka statutory law) throughout all of the states, counties and municipalities. [13] Statutes are for THEIR corporations and agencies. They only apply to us if we agree to contract with them. [14]

Then in the 70's - 80's USA INC (still posing as a legitimate representative government) removed the dollar from the gold standard, tricked the states into sending their tax revenues to the District of Corporations ('revenue sharing') and even authorized the Department of Defense to wage war on the general population [15] - which it is now doing! There is an ongoing electro-magnetic radiation attack, it is a US military operation, and it is being inflicted on us all via the wireless communication and surveillance network. In 1992 the CEO of USA INC ordered the corporate states, counties and municipalities to sell off the public's assets. [16]

In 2001 USA INC passed the Patriot Act, which permits unlimited spying on the American population and in 2011 Obama, the CEO of USA INC, signed the National Defense Authorization Act, permitting the arrest, and indefinite detention of ANYONE on US soil for merely displeasing the office of the President.
