

Update: Deadly Microwave Effects

5G Cell Phones Cell Towers WiFi

By Collective Evolution / OCT 31, 2018 / For Senate Bill 637

The below Quote is from the testimony of Dr. Sharon Goldberg at that Senate Hearing. Her background: Internal Medicine Physician, Practiced Medicine 21 years, Academic Internal Medicine, Hospital-based Clinical Research & Medical Education.

“ The way that you *create* . . . DIABETES in [lab] rats is by exposing them to 2.4 GHz and this is NOT for long term exposure. The closer you live to a Cell Tower the higher your Blood Glucose and THAT is based on Hemoglobin A1C Measurements. ”

NOTE:

My Panoramic Modem has **2.4 GHz** displayed on its side to indicate wireless transmission at that frequency. For the sake of my health I disabled the wireless and set up the modem for wired.

QUESTION:

Why would they use this specific frequency? Especially since:

Military Microwave Expert, Barrie Trower says:

As of 1971 no more experimentation is needed to see if cell phones cause cancer, no more is needed. ALL results were published in 1971 with 2,300 research articles. The U.S. Naval Medical Research Center listed 120 different illnesses caused by microwave transmission.

Here's a partial list of Barrie Trower's Credentials:

- > Military trained in Microwave Research
- > Top Secret Clearance
- > 2 Degrees in Physics
- > Teacher of Physiology, Chemistry, Advanced Physics
- > Microwave Advisor to Governments, Leaders, Royalty

Here's some YouTube videos of him:

Here is some of what he says in those videos:

- * ALL lifeforms are negatively effected by Microwaves:
Plants, Animals, Humans

- * Microwaves are particularly dangerous waveforms that interfere with the body's naturally occurring frequencies.

- * Microwave Radiation from Cell Phones / Cell Towers causes:
 - > Suppression of Immunity, resulting in infections
 - > Physical & Neurological Diseases, Cancer, Tumors, etc.

- * If it were one country invading another country with these cell phone / cell tower microwave transmissions causing suffering & death, it would be classified as:
GENOCIDE.
[Microwaves are used for warfare & domestic crowd control]

- * The problem is that the Microwave / Telecommunications Industry, the most powerful industry on the planet, is backed by The Government.

- * People are not aware of this because there is a massive cover up by the Microwave / Telecommunications Industry AND The Government.
